## VPW SC - 1000

### The Ultimate Biobased All Purpose Concentrated Cleaner

VPW SC-1000 is the premier all purpose, biobased cleaner for vehicle wash/maintenance, manufacturing, shop cleaning, food processing (USDA A1 & L1), janitorial, and more. VPW SC-1000 is exceedingly economical with dilutions ranging from 4:1 (RTU) for heavy duty cleaning/degreasing to 350:1 for glass/acrylic.

VPW SC-1000 is a highly concentrated non-ionic surfactant system that may be used for the removal of hydrocarbon and organic soils (petroleum derivatives, fats, oils, greases, lipids, proteins, and sugars). VPW SC-1000 will not react with other chemicals to create hazardous conditions. VPW SC-1000 is compatible with ozonated water and does not inhibit oil/water separators. VPW SC-1000 will not harm fabrics and may be used without protective clothing or any special handling precautions and may be stored indefinitely.

#### CERTIFICATIONS:

- Red River Army Depot W911RQ-04-T-0277 - Cleaning Compound, High pressure (Steam), Liquid
- USMC Camp Butler Approved Wash Rack Cleaner
- US Army Fort Hood Wash Rack Approved Cleaner
- US National Contingency Plan - Surface Washing Agent
- US Navy Shipboard All Purpose Cleaner
- US Dept. of Forestry Parts Washing/Equipment Cleaner
- TSA Biobased Cleaner Approved
- TX Army National Guard General Cleaner & Wash Rack
- Battelle's Green Custodial Program For The DOE
- SCAQMD Clean Air Solvent

CUSTODIAL/  
BILLITING

MANUFACTURING/  
INDUSTRY

#### ENVIRONMENT:

- Low/No VOC's
- No HAP's
- No Solvents
- No Acids
- No Caustics
- Non-Corrosive
- Non-Toxic
- Aquatically Non-Toxic
- Non-Flammable
- Readily Biodegradable
- Sewerable in neat form

NAVY SHIPBOARD  
CLEANER APPROVED

#### PERFORMANCE:

- Does Not Inhibit Oil/Water Separators - Non/Low Emulsifying, Quick Release
- May be used as a protectant for ferrous metal, painted surfaces, fiberglass, plastics, rubber and vinyl
- May be used for dust control
- Safe on soft metals, plastic, rubber, PVC and other surfaces compatible with water
- May be used to buffer acid solutions and emissions
- Assists in eliminating odors and bacterial growth by reducing protein residues
- Will clean drains and grease traps.

#1 FOR WASH RACKS  
TANKS TO AUTOMOBILES
