## SOAP X®

### **Biobased Soap Free Neutral Cleaner / Degreaser FOR CARS, TRUCKS, RV's, BOATS, MACHINERY, FLOORS**

Finally, a true environmental cleaner without soap or residue which is designed to clean mold & mildew, dirt, bugs, oil, grease, brake dust, drink & food stains, pet stains, etc. from machinery, floors, carpets, tarps, upholstery, automotive exterior, tires/wheels, engines, glass, etc.

Soap X® is a safe, industrial strength, non-hazardous, environmentally responsible, cleaner / degreaser designed to replace hazardous alkaline and butyl cleaners in manual and machine cleaning operations. It is a state of the art, Highly Concentrated Neutral pH Cleaner with outstanding cleaning ability, no soap and does not leave a residue.

Soap X® is extremely versatile with applications including floor & carpet machines, manual spray, soak tanks, tunnel spray, pressure washer, parts washers and ultra-sonics. Typical dilution is 9:1 (9 gallons water to 1 gallon Soap X®) for heavy duty applications, but it can be diluted further for medium to light soil loads. Soap X® is safe on water soluble surfaces including multi-metal substrates, painted surfaces, unpainted surfaces, fiberglass, plastics, fabrics and carpets. Soap X® makes an outstanding, environmentally responsible industrial strength cleaner / degreaser that replaces most of the hazardous cleaning products currently in use.

Soap X® has 90% biobased content as tested by ASTM D6866.

<b>APPLICATION</b>	<b>SUGGESTED DILUTION (Water : Soap X)</b>
Cabinet Style Parts Washers	9:1
Soak Tanks	9:1 to 19:1
Tunnel Spray	9:1 to 19:1
Manual Spray	9:1
Pressure Washer	9:1 to 100:1
